

## Welcome to the Washington State Solid Waste Information Clearinghouse

This site is designed to help local government professionals share their experiences, information and resources about solid waste programs and activities with colleagues around the state. For more information about this site and [FAQs](#), click [here](#).

**The success of this site depends on you!** Please post your projects, update your information, provide resources and visit often - so your colleagues will do the same.

### What you will find on the site:

- [State Profile](#): Find statewide summaries of county and city programs, planning status, facility information, waste generation, recycling and disposal numbers, litter collection efforts and Ecology funded solid waste grants.
- [City and County Profiles](#): Find county and city specific information including demographics, contacts, list of solid waste activities, planning status, what and where citizens recycle, disposal data, household hazardous waste collection and information about solid waste facilities. Access online Coordinated Prevention Grants reporting.
- [Projects](#): A searchable database of local government and non-profit project descriptions, approaches, resources developed, results and contacts to learn more.
- [Resources](#): Find outreach materials prepared for public education, such as brochures, posters and printed materials and helpful resources such as best management practices, studies, procedures, sample contracts, ordinances and resolutions.
- [Training/Conferences](#): Find a calendar of conferences, meetings and training opportunities.
- [Classified Ads](#): View listings for surplus equipment, job announcements, requests for proposals and partnership opportunities posted by local government solid waste staff.
